

2011 College Board AP Data – Charlotte-Mecklenburg Schools

Overview:

From 2010 to 2011, CMS continued the trend of increasing enrollment in AP courses, going from 12,767 to 13,080 participants. Effective with the 2010-2011 school year, budgetary constraints resulted in CMS no longer paying for students to take AP and IB exams. However, students who are considered economically disadvantaged may receive a fee waiver to take these exams. While CMS saw a 30 percent drop in the number of AP exams taken in 2011, there was an increase in the AP pass rate (51% in 2010 to 64% in 2011). This exceeds both the state and national averages.
